

Runaway

Katy McAllister

I'm sure you know by now
I like it when you stay
Don't wanna tell you boy
Might make you run away

So far overall, overall you say and do
And for somebody small I got so many thoughts in my head about you
You think I'd know by now exactly what to say to a runaway

What can I say?
Eh-eh, eh-eh, eh-eh-eh
To make you stay
Don't runaway
Eh-eh, eh-eh
I won't see it as wasted time

You're free at any time
To make a clean escape
You think I'm digging holes
I think I'll be okay

And all the sources are telling me stories that want me to turn around
But if I wanted to [?] right now

What is this self-destruction really all about

What can I say?
Eh-eh, eh-eh, eh-eh-eh
To make you stay
Don't runaway
Eh-eh, eh-eh
I won't see it as wasted time

You know by now I like it when you stay
But I know by now you're a runaway
You [?]
When you know by now you're a runaway
A runaway

What can I say?
Eh-eh, eh-eh, eh-eh-eh
To make you stay
Don't runaway
Eh-eh, eh-eh, eh-eh-eh
Don't runaway
Eh-eh, eh-eh, eh-eh-eh
To make you stay
Don't runaway
I won't see it as wasted time
No I won't see it as wasted time
