

## If This Is Your Welcome

Kayak

How I've missed being loved, being watched  
And to love in exchange  
Now I've come to be loved and to see  
What is left of my fame

I've been dying to see you again  
But if this is your welcome if this is your way of saying  
Hello

Where's the magic that once filled my song  
Even sang out of tune

Has nobody been waiting for me  
Does a love die that soon?

I've been dying to see you again  
But if this is your welcome if this is your way of saying  
Hello

Long ago I held the key to your hearts and broke them all  
I had the energy, time was on my side  
Could I foresee I'd need you so?
