

Smooth Ride

Kazzer

Ya, ya

She got a set of hips, a pair of nice lips
She's a nice fit, she'll make you hard quick,
Out for the pink slip, she don't talk shit,
But I ain't really lookin' ,for her to talk with
She got me thinking I'd be better off with one instead of hustl
in' and makin the rounds, don't want to settle down, I'd rather
get around so grab the 426 we're headed out for the town

Ya, ya

Smooth ride, she's a smooth ride
Smooth ride, she's a smooth ride

Ya mess with that bitch, she's no nonsense,
Ya past first base, she'll go the distance,
Try to stay calm but not too loose,
You won't last long, she's a tight coupe,
I'm runnin' out of ammo she's a fine example,
How a good woman moves and keeping me on my toes
A fly by night cruiser, wouldn't want to loose her she'll be ru
nnin' in the '62 after the show.

She'll knock you out man there ain't nothing you can do,
The finest thing in sight,
She'll make you bleed and she ain't playin' by the rules,
You better run and hide.
