

## Steel City

Kazzer

Steel city ain't it gritty like it down and dirty rippin down o  
ne way streets,  
Everybody workin hard by the smoke stacks and the mass factorie  
s,  
Late shift when then light dips, big ships land in the north en  
d,  
Studebaker plant revamp, off to Beasley Park gonna breakdance,  
Yo bar fights and the cold nights and the crowds hype and it do  
n't stop,  
Titties in the Picadilly close call, Queen street heard a gunsh  
ot,  
Under rated in a state of mind, respect gets you past fine line  
s,  
Where the train tracks and the bright lights meet heavy metal g  
oin state side

Late for work, pockets hurt, broke and uneasy  
Love and hate feelin the stress for no reason,  
When the steel city's callin but the tanks runnin low  
Midnight express then I'm back on the road again  
Late for work, pockets hurt, broke and uneasy  
Love and hate feelin the stress for no reason,  
When the steel city's callin but the tanks runnin low  
Midnight express then I'm back on the road again

Quick, headed up the Kenilworth cut ten minutes to the corner s  
tore when,  
Speed trap and the lights flash cause he got me goin one ten,  
I was like fuck should've paid attention not to mention unpaid  
parking tickets damn,  
Just waitin for the next pay check set a court date make a stan  
d and, train like a mad man, work like a dog, heart of a lion t  
hen,  
Go to the last breath, cheat death, rest, do it all again  
Head to the gym make a lot of gains work through the pain,  
Aim for the rings, runnin down side streets where the sweat sta  
ins and the pot holes never end

Beer brewin trouble lurkin in the shadows, walls of graffiti ev  
erywhere,  
Cherries flash make a dash think fast, clear, and I'll never sh  
ow an ounce of fear,  
And I'm always low on cash, buy some shit I really can't afford  
,  
Cool but it won't last, more money for the old ford restored  
Drive late at night like a maniac, hit the highway, head south  
am I really comin back, now  
You can't forget where you come from no lyin

Yo Steel city ain't it gritty like it down and dirty where you  
fuckin find me
