

Armies

KB

Yeah

Danger, giants
Battle is my story
But alone, I won't know
That's my glory
Shadows you cannot hide me, uh
My King will fight
The God of angel armies
Is always by my side (Side, side, side, side, side) (Yeah, yeah, yeah, yeah)

Got a, got a, got a army
Got a, got a, I got a army
Tell me who gon' come for me?
Greater is the One who you can't see, bring the war, I got a
Got a, got a, got a army
I got a, uh, I got a, uh, I got a army
Who run it? (Who run it?) Who running? (Who running?) Almighty (Almighty), w
ho want it? (Ooh-ooh-ooh-ooh) Yeah

Life ain't been the same since death died
Won it by a landslide
Uh, hallelujah to the flex my, my
The power made a point, next slide
Yeah, yeah, yeah, reppin' this side
Shoes ain't Gucci I just keep my foot on reptiles (Steppin' on a snake)
Coming for my neck now (Coming for me)
When the game about to end you expect fouls (Yeah, yeah, yeah)
Oh vanity, Satan try to cancel me
I don't fear your plan for me
I just made a canopy
When you come to handle me
There's another hand on me
Even when they all abandon me
God got the destiny, I see no enemy, yeah

Got a, got a, got a army
Got a, got a, I got a army
Tell me who gon' come for me?
Greater is the One who you can't see, bring the war, I got a
Got a, got a, got a army
I got a, uh, I got a, uh, I got a army
Who run it? (Who run it?) Who running? (Who running?)
Almighty (Almighty), who want it? (Ooh-ooh-ooh-ooh) Yeah

Uh, still in the Son when it's all shade
Yeah, say who you want, boy, it's all gang
I picked a side like it's the entrée
Ain't nobody like Him and I got it like Him
Every kind of rival got 'em by the bridle
Put it on the Bible, I'm in autopilot, on God

Shadow of the Almighty
Before me and behind me
Your war (You war is) is for me (Is for me) forever (Forever), ayy

I know who goes before me (Got a army)

I know who stands behind (I got a army)
Almighty, in life, in death, woah, bring the war I got a
The One who reigns forever (Got a, got a, got a army)
He is a friend of mine (I got a, uh, I got a, uh, I got a army)
No rival, no virus, my God is, angel army

Army

Tell me who gone come for me? (Ooh-ooh-ooh-ooh)

Ooh-ooh-ooh-ooh

Army, army

Who run it? Who running? Almighty, who want it? Yeah
