

# Morning Glory

Kehlani

I wanna take my wig off  
I wanna lay it on the nightstand  
I wanna take my makeup off  
I wanna rip these nails off my hands

And I might look like who did what and why  
Up under all of this  
But you came to spend the night  
So you know that there was way more to me

And if you don't want me at my goodnight  
Then you can't have me at my morning glory  
At my morning glory  
And if you don't want me at my goodnight  
Then it's gon' be goodbye (Gonna be, gonna be)  
Gon' be goodbye

This ain't BK, you can't have it your way  
The only thing you decide is your stay  
Wit' me or the homies, caked up or lonely  
Tonight or the morning, yeah

And I might look like oh me and oh my  
Up under all of this  
But you came to spend the night  
So you know that there was way more to me

And if you don't want me at my goodnight (Yeah)  
Then you can't have me at my morning glory (Glory)  
At my morning glory  
And if you don't want me at my goodnight (No, no, no, no, no)  
Then it's gon' be goodbye (Goodbye)  
Gon' be goodbye (Yeah)

Tell me, why should I be trippin' on you  
While I could be payin' dues?  
I'm a fountain of youth, raised on Arie and Badu  
I know I'm fine, don't need a outer confirmation from a man  
Who uses 2-in-1 and thinks he's a sensation  
Don't need acrylics on the clock to hit the nail on the head  
Don't need my inches down my back to throw it back in the bed  
So, when you speak on me and say that "She ain't put together"  
Don't forget to mention that I got my shit together

If you don't want me at my goodnight (If you don't want me)  
Then you can't have me at my morning glory (At my glory)  
At my morning glory  
And if you don't want me at my goodnight (You don't want me at my goodnight)  
Then it's gon' be goodbye (Bye, bye, bye-bye, baby)  
Gon' be goodbye

Bye, bye-bye, bye-bye, bye, bye-bye, bye-bye  
Bye, bye-bye, bye-bye, bye, bye-bye, bye-bye  
Bye, bye-bye, bye-bye, bye, bye-bye, bye-bye  
Bye, bye-bye, bye-bye, bye, bye-bye, bye-bye  
Bye, bye-bye, bye-bye, bye, bye-bye, bye-bye  
Bye, bye-bye, bye-bye, bye, bye-bye, bye-bye
