

Take It So Hard

Keith Richards

Giving up lovin', easy to do
People so pitiful
They never come through
Honey, honey, honey I ain't that way

You want a little bit, once in a while
Come on and get a bit

You shouldn't take it so hard, yeah
You shouldn't take it
You shouldn't take it so hard, yeah

Take a look around you, tell me, what do you see
People with little bits
Try, tryin' to smile
Most of what you've gotten is free, yeah

You shouldn't take it so hard, yeah
You shouldn't take it
You shouldn't take it so hard, yeah

Yank it up baby
Or get yourself a new name
You want a little bit once in a while
Yeah you got a taste for it

You shouldn't take it so hard, yeah
You shouldn't take it
You shouldn't take it so hard, yeah
