

# Love the Way It Hurts (So Good)

Keith Urban

We were dancing on the beach  
You were holding onto me  
And my chest, I felt the beating of your heart  
Another late night reverie  
Seconds felt like years to me  
You said, "Baby, let's just stay right where we are"

And I guess we should have known  
It was too good to go on  
But there's something about us that I just refuse to let go

I remember, I remember summer nights  
You were like a midnight day dream  
Neon lights  
We were making waves in the back seat  
Every time I close my eyes  
Or sinking through the pain or the memory  
I'm holding on for what it's worth  
I guess I love the way it hurts  
So good  
I love the way it hurts  
So good

There's a pounding in my chest  
A rush of blood goes to my head  
Thought I saw your silhouette pass by the door  
And even though it hurts like hell  
I just cannot help myself  
I crave the way it makes me feel but it leaves me wanting more

I remember, and I remember summer nights  
You were like a midnight day dream  
Neon lights  
We were making waves in the back seat  
Every time I close my eyes  
Or sinking through the pain or the memory  
I'm holding on for what it's worth  
I guess I love the way it hurts  
So good  
I love the way it hurts  
So good, hey

And I guess we should have known  
It was too good to go on  
But there's something about us that I just refuse to let go

And I remember summer nights  
You were like a midnight day dream  
Neon lights  
We were making waves in the back seat  
Every time I close my eyes  
Or sinking through the pain or the memory  
I'm holding on for what it's worth  
I guess I love the way it hurts  
So good  
I love the way it hurts (love the way it hurts)  
So good

I guess I love the way it hurts (I love the way it hurts)

So good

I love the way it hurts (love the way, I love the way, I love the way it hurts)

So good
