

# Shut Out the Lights

Keith Urban

Let's get into the point, when we are not listening anymore!  
Just walking round in circles and wearing holes out in the floor  
I'm tired; I know you're tired and it's late,  
And it's almost four.  
What are you trying to achieve?  
What are you trying to win?  
I said the same thing three hours ago,  
And now I'm saying it again.  
And I know you well enough to know,  
Neither one of us is giving in!

[Chorus:]

Baby, I love you I'm not going to bed angry,  
Baby, I need you and I want you to be happy,  
We've been going around in circles with no end insight  
Maybe we should just...  
Shut out the lights,  
And wait till the morning  
Shut out the lights,  
Wait 'til the morning  
Yeah

It's amazing all the awkward moments  
We still carry around,  
We wait to bring it all up when it all comes down.  
The light is coming right now!

[Chorus]

Cause I don't wanna lose you,  
And I don't wanna hurt you,  
I don't wanna feel these  
Times that I'm gonna make you say  
Things you don't mean in the heat of the moment.  
In the heat of the moment.

[Chorus]

(Just give it some time  
Just a little bit of time,  
It's gonna be alright  
In the morning light  
Cause I need you)
