

# Sun Don't Let Me Down

Keith Urban

Keith Urban, Mr. Worldwide  
They say life is short  
So, I'ma live it up  
Tonight it's going down  
'Til the sun comes up

2 a.m. and I'm about to lose my mind  
The way she's moving that black dress  
Like her hips are on fire  
There in the headlights  
Dancin' like she's in a movie scene  
To die for and it's killin' me  
Stars are out But they're fadin' fast  
Gotta make it last  
And I'm so close to heaven  
So, just hold your light  
Cause I need the night

Sun don't let me down  
She's almost in my arms right now  
I know you gotta rise for the birds to sing  
But I need the moonlight to do my thing  
Sun don't let me down  
Don't let me down

Hey, don't get me wrong  
I like the way you shine  
I know you love kissin' on her skin  
But it's my turn tonight  
Starin' at her lips  
Playin' with my name  
Whispering, "Come to me"  
She's pulling me in  
Like I'm on a chain

Stars are out Yeah, they're in the sky  
Like they're in her eyes  
I think I found my heaven  
But just have a heart  
Stay where you are

Sun don't let me down  
She's almost in my arms right now  
I know you gotta rise for the birds to sing  
But I need the moonlight to do my thing  
Sun don't let me down  
Don't let me down

Life is short so I'm livin' it up  
Tonight it's goin' down, yeah, 'til the sun comes up  
Then we do it all again, 'cause we ain't givin' a "wha"  
And all the women at the party givin' it up  
Time is money and I ain't wastin' no time  
So, fill my cup up with Voli, water and lime  
Take a shot for the soldiers in the field  
Thanks for the freedom and that's for real  
Tonight we're getting hammered, banged-up and tanked

That means get off the chain, let loose and drank  
Mommy wanna play the adult version of Truth-or-Dare  
So, I took her to the back and pulled her hair, yeah

Sun don't let me down  
She's almost in my arms right now  
I know you gotta rise for the birds to sing  
But I need the moonlight to do my thing  
Sun don't let me down  
Don't let me down

She's almost in my arms right now  
I know you gotta rise for the birds to sing  
But I need the moonlight to do my thing  
Sun don't let me down, no, oh  
Don't let me down  
Don't let me down  
Don't come around  
Stay underground  
No, no, don't let me down
