

## Birmingham Turnaround

Keith Whitley

Caught a plane to Birmingham  
Leaving you was my plan  
Then head on south by any means  
Thought I might blend in 'round New Orleans

But when the plane got off the ground  
I saw your face in a cloud  
Saw your tears out on the wing  
Don't guess my heart was free to leave

Birmingham would have to wait  
For a little later date  
And I said I'd see you later, New Orleans  
'Cause I knew my rambling ways  
Had seen their better days  
And suddenly I had a change in dreams

Caught a plane from Birmingham  
Back in your arms is where I am  
At times we laugh and talk about  
The day I did the Birmingham turnaround

Birmingham would have to wait  
For a little later date  
And I said I'd see you later, New Orleans  
'Cause I knew my rambling ways  
Had seen their better days  
And suddenly I had a change in dreams

Caught a plane from Birmingham  
Back in your arms is where I am  
At times we laugh and talk about  
The day I did the Birmingham turnaround  
And now we laugh and talk about  
The day I did the Birmingham turnaround
