Day In The Life Of A Fool

Keith Whitley

Morning comes and I'm alone...

It's been a year since you've been gone

But it seems like yesterday, you said goodbye

I'm finding ways to pass the time, so I wont lose my mind

But my every waking hour I think of you

That's just a day in the life of a fool

The one who's holding out for only you

Knowing all along your love for me is THROUGH

It's just a day in the life of a fool

You would think I'd learn by now, to forget it all some how. But my favorite memories were made with you So every moment that I have, I live them in the past Even though theres no way back to where we were

Thats just a day in the life of a fool
The one who's holding out for only you
Knowing all along your love for me is true
It's just a day in the life of a fool
It's just a day in the life of a fool
