

We was cool and now you're talking back at me  
Like there's something wrong  
Open up my mind and show me something new  
Or I'm gon' fight with you

Fight all the tears, I got the tears down  
The type when your life is deep into the ground  
Only when I'm thinking of you now  
This is why you wanna fight now  
And you know I'm giving my best  
I fill in the rest, I saw your face down  
The tears drop to fall, I won't let them down

I promise we made to do it away  
We're not in a race, you're running away  
Tomorrow we break, it's like an earthquake  
And then we go 'round  
Got nothin' to say, you open my heart  
We leave it behind just to bring it all back  
It's not a breakup, it's just a breakdown  
We're spinning around

Ain't nothing wrong  
We go on and on and on  
On and on and on and on  
There's nothing wrong  
We go on and on and on  
We go on and on

Don't know why I'm always singing something blue  
When there's nothing wrong  
It doesn't help I watch your every single move  
Like I wanna fight with you

Fight all the tears, I got the tears down  
The type when your life is deep into the ground  
Only when I'm thinking of you now  
This is why you wanna fight now  
And you know I'm giving my best  
I fill in the rest, I saw your face down  
The tears drop to fall, I won't let them down

I promise we made to do it away  
We're not in the race, you're running away  
Tomorrow we break, it's like an earthquake  
And then we go 'round  
Got nothin' to say, you open my heart  
We leave it behind just to bring it all back  
It's not a breakup, it's just a breakdown  
We're spinning around

Ain't nothing wrong  
We go on and on and on  
On and on and on and on  
When I know, and I know, and I know we argue all the time  
We go on and on and on  
We go on and on

You don't know why you always react  
I don't know why I always fight back  
There's a second in time when the shit hits the fan  
We get thrown into strife  
You don't know why you always react  
I don't know why I always fight back  
We go on and on and on

And on and on and on and on and on  
And on and on and on and on  
And on and on and on and on and on and on  
And on and on and on and on  
There's nothing wrong  
And on and on and on and on and on and on  
And on and on and on and on  
There's nothing  
We go, go on and on  
We go on and on and on  
There's nothing  
We go on and on  
We go, we go on and on and on  
There's nothing  
We go, we go on and on  
We go on and on and on  
There's nothing wrong  
There's nothing wrong  
Nothing wrong  
Nothing wrong
