

Attention

Kelis

Babe, baby, baby i ain't try'na nag you.
Just come talk to me (talk to me, to me).
You know we don't get to spend time no more.
I miss you daddy.

I know that life has delt us many cards,
Sometimes I swear he's trying to make it hard, and i don't want
to have to hide me faults.
But he got busy and let down the gaurds.

I need attention, from you, it's just the little things we do,
pay attention it's on you,
Cause i can't help it i just like it when you do, yeah.

I don't wanna nag and start a fight.
But sometimes you forget and i get tired.
If he was out of sight and out of mind.
So dawlin listen and just make it right.

You make my heart monsoon baby, and we could make life through
baby,
So take my hand and we'll glide the way.

Why would you follow now?
Just look me in my eyes.
Remember what makes me smile, you use to make me high, let's go
way
Back in time, come baby lay me down.

[Chorus until song fades]
