

# Marathon

Kelis

Love is this marathon, I'm running for you baby  
And you don't know me yet but faith is all I have, see  
And I'm gonnnaaaaaa  
Win this race (2x)

Since I were a little girl  
My eyes were fixed on you  
I knew that one day we'd meet  
That you could set me free

Sure diamond ring, pretty things  
A piece of mind, could be all mine  
O this growing love affair  
Has kept me on my feet

Love is this marathon, I'm running for you baby  
And you don't know me yet but faith is all I have, see  
And I'm gonnnaaaaaa  
Win this race (2x)

Yesterday I had a glimpse of you  
You looked me in my face  
And just the other day you brushed right by me  
I felt you reeling in my space

Tell me, do you think of me  
And can you see me from the start  
I swear I said I'd wait for you  
But fate might change the score

Love is this marathon, I'm running for you baby  
And you don't know me yet but faith is all I have, see  
And I'm gonnnaaaaaa  
Win this race (2x)
