

Because It's Love

The Kelly Family

Every time I look at your face
I get this feeling
Every time I look in your eyes
It starts healing
Every time we walk side by side
Yes I get this feeling
Because it's love, yes it's love
Oh it's love

And we climb a step
Every day it's you and I
We climb a step
Every day and every night
It's every time you look at my face
You give me this feeling
Every time you look in my eyes
My heart starts to tumble
Oh I think of you all the time
It's you I believe in
Because it's love, yes it's love
Oh it's love

Every time I look at your face
I get this feeling
Because it's love, yes it's love
And it's love
