

Burning Fire

The Kelly Family

My heart is true, but the road is long
And I'm a fool, 'cause I do you wrong
It's hard today, to stay in line
But I'll try it all, anything you want
You got it all, you got it all today
You got my soul

Burning fire
Burning fire
Burning fire

I lost it all, so you can find it
It's hard to breath in this world today
But in mercy is the key of loving
You got it all, you got it all today
You got my soul

Burning fire
Burning fire
Burning fire

So love it hides, behind your silence
And yesterday is gone today
So I will love you now
Like nothing happened

Burning fire
Burning fire
Burning fire
