

## No Lies

The Kelly Family

It's lonely tonight  
You're not here to talk to you  
You're not here to talk to you

We don't have to give  
Tell me what to do  
I'm seen around my life  
With lady's on both side  
You don't have to give  
Excuse yourself  
we don't have to give  
Expiring yourself

No lies  
I want no lies for me, yeah  
No lies  
I want no lies for me, yeah

One put on the right  
The other on the left  
Soon I've to decide  
What about my life  
I've got faults and friends  
Inside my heart  
But I'm not to play around like a doll

No lies  
I want no lies for me, yeah  
No lies  
I want no lies for me, yeah

It's lonely tonight  
You're not here to talk to you  
You're not, you're not around  
You're not here to talk to you

No lies  
I want no lies for me, yeah  
No lies  
I want no lies for me, yeah

No Lies  
I want no lies for me, yeah  
Not for me
