

Ode to Joy

The Kelly Family

I was a little baby nestled in my mothers womb
Just when I needed someone
She gave me my chance to live
You too were a little baby
Nestled in your mothers womb
Just when you were needing someone
She gave you your chance to live

Yes to life yes to our bads too
Welcome each mother and her child
Trust in the sun day earth and rain
To feed this weak hungry mouth

I was born for something grand I know that deeply in my heart
That thrill I feel inside is why I sing my song of joy

Yes to life yes to our bads too...

You too were born for something grand you know it in your heart

That thrill you feel inside immense from you a song of joy
