

# I've Been Converted

Kelly Joe Phelps

I know I've been converted  
Do you?  
I know I've been converted  
Do you?

You've got a noose  
And you'll make me change  
I'm not afraid to call my savior's name  
And I know why  
I've been converted

When I was a sinner  
I didn't know how to pray  
My words didn't seem to fill  
Didn't know the words I say  
Then a voice came from Heaven  
Said I will show you the way

I know I've been converted  
Do you?  
I know I've been converted  
Do you?

My mother  
She taught me how to pray  
My mother  
She taught me how to pray  
And I go pray my soul away  
Ain't gonna be nobody's fault but mine

I know I've been converted  
I know I've been converted  
Do you?

I know I've been converted  
I know I've been converted  
Do you?

I took my feet off my red clay  
Left me standing right on my way

I've been converted  
I know I've been converted  
I know I've been converted  
Do you?
