

# DOIN' MY BEST

Kelsea Ballerini

2020 was a weird year  
Album dropped at a weird time  
Ain't the homecoming queen, but better believe I cried  
And therapy for one turned  
Into therapy for two  
When you get married that young, you got a lotta shit you gotta get through

If I said I had it all together, I'd be lyin'  
But I'll die tryin'

I'm doin' my best  
I'm lettin' the rest roll off my shoulders, baby  
Don't always get it right  
Hey, and that's alright  
That's what I'm learnin' lately, I  
Keep growin' up, I  
Keep rollin' up my sleeves and I think  
That showin' up is good enough for me

I was friends with a pop star  
I put 'em on track four, but  
Wish I could take it back, I woulda never asked  
If I knew we wouldn't talk anymore  
Sometimes I try to say the right thing  
And it comes out wrong  
And Twitter kicked my ass, now it's one less app on my iPhone

Yeah, if I said I had it all together, I'd be lyin'  
Yeah, but I'll die tryin'

I'm doin' my best  
I'm lettin' the rest roll off my shoulders, baby  
Don't always get it right  
Hey, and that's alright  
That's what I'm learnin' lately, I  
Keep growin' up, I  
Keep rollin' up my sleeves and I think  
That showin' up is good enough for me

I live in my head till the sun's up  
Even I can admit that it's fuck up  
And you're pushing for perfect your whole life  
And it didn't work out  
But, dammit, I tried

I'm doin' my best  
I'm lettin' the rest roll off my shoulders, baby  
Don't always get it right (I'm doin' my)  
And that's alright (I'm doin' my best)  
That's what I'm learnin' lately, I (I'm doin' my)  
Keep growin' up, I (I'm doin' my best)  
Keep rollin' up my sleeves and I think (I'm doin' my)  
That showin' up is good enough for me (I'm doin' my best)

(I'm doin' my)  
(I'm doin' my best)  
(I'm doin' my)

(I'm doin' my best)
