Roses

Kelsea Ballerini

You brought them to my door Stood there on the front porch That was the beginning We had those tires spinning Down on the green grass Outside of town Wild and free, never slowing down I thought I needed you like air

We burned hot, burned out, like a flame But in my head, you'll never fade

Yeah, we were classic My dress, your leather jacket Didn't know how good we had it But, boy, we had it 14th of February, gotta feeling my heart still carries Yeah, we didn't know it Thought we could grow it Beautiful for a moment We were roses We were roses

You put one in my hair Danced in the middle of nowhere You and me all summer Bright and living color

My lips were red Your eyes were blue And I thought I saw forever in you

Yeah, we were classic My dress, your leather jacket Didn't know how good we had it But, boy, we had it 14th of February, gotta feeling my heart still carries Yeah, we didn't know it Thought we could grow it Beautiful for a moment We were roses

The seasons had to change And like flowers they bloom and withered away

Yeah, we were classic My dress, your leather jacket Didn't know how good we had it It was so good while it lasted

Yeah, we were classic My dress, your leather jacket Didn't know how good we had it But, boy, we had it 14th of February, gotta feeling my heart still carries Yeah, we didn't know it Thought we could grow it Beautiful for a moment We were roses
