

# Yeah Boy

Kelsea Ballerini

Captured my attention, make my heart stop and listen  
When you look my way  
Blue jeans and a ball cap, thinking that you're all that  
And I'm thinking the same

You got that something in your eyes, I think about it all the time  
If you ever wonder if I wanna make you mine

Yeah, boy  
I'm digging what you're doing  
Yeah, boy  
I'm trying to keep it cool  
But you're making it hard, I'm wishing your arms  
Were wrapping me up tight  
Yeah, boy  
You shine and you can't even help it  
Yeah, boy  
Your eyes could make the moon jealous  
And if you wanna know if I wanna be your girl tonight  
Yeah, boy

Every song that's playing gets me thinking about you, baby  
And the way you roll  
So let's put down the drop top, burn a little blacktop  
Off of that road

Baby, what we waiting on?  
The stars are out, the night is young  
If you wanna know if I wanna go and get gone

Yeah, boy  
I'm digging what you're doing  
Yeah, boy  
I'm trying to keep it cool  
But you're making it hard, I'm wishing your arms  
Were wrapping me up tight  
Yeah, boy  
You shine and you can't even help it  
Yeah, boy  
Your eyes could make the moon jealous  
And if you wanna know if I wanna be your girl tonight  
Yeah, boy

Yeah, boy  
I wanna take a little ride with you  
Yeah, boy  
I wanna spend a little time with you  
Yeah, boy  
I wanna sip a little wine with you  
Oh

Yeah, boy  
I wanna take a little ride with you  
Yeah, boy  
I wanna spend a little time with you  
Yeah, boy  
I wanna sip a little wine with you

Oh

Yeah, boy  
I'm digging what you're doing  
Yeah, boy  
I'm trying to keep it cool  
But you're making it hard, I'm wishing your arms  
Were wrapping me up tight  
Yeah, boy  
You shine and you can't even help it  
Yeah, boy  
Your eyes could make the moon jealous  
And if you wanna know if I wanna be your girl tonight, yeah  
Yeah, boy

Yeah, boy

Yeah, boy  
I wanna take a little ride with you  
Yeah, boy  
I wanna spend a little time with you  
Yeah, boy  
I wanna sip a little wine with you  
Oh

Yeah, boy  
I wanna take a little ride with you  
Yeah, boy  
I wanna spend a little time with you  
Yeah, boy  
I wanna sip a little wine with you  
Oh

Yeah, boy
