

Nobody

Kem

Pray for me
So I can know why
I can't get over you, oh baby
I lie to myself
But I can't deny the truth, hey girl
I'm losing control
Cause all I want is you baby
Girl how does it feel
To be everything
In my world

Ain't never gonna be
Nobody, nobody
Nobody, nobody
Nobody like you, hey girl

Ain't never gonna be
Nobody, nobody
Nobody, nobody
Nobody like you, baby yeah

Please wait and see
You might change your mind
And give your love another chance, hey girl
You might even find
That I'm the very best man
You could never have, hey girl
So before you let go
Before the night is through
Hear me baby girl, girl yea
Your my heart and soul
And I belong to you, baby yeah

Ain't never gonna be
Ain't never gonna be
Nobody, nobody
Nobody, nobody
Nobody like you
Nobody like you, girl

Ain't never gonna be
Nobody, nobody
Nobody, nobody
Nobody like you, hey girl, yeah

Nobody ever moved me
And nobody ever soothed m
And nobody ever will
I need you in my life, girl

Nobody has amazed me
Girl, ain't nobody ever phased me
Nobody's ever loved me right, all my life
Nobody like you, baby
Ain't never gonna be

Nobody, nobody

Nobody, nobody
Nobody like you
Ain't never gonna be
Nobody, nobody
Nobody, nobody
Nobody like you

Ain't never gonna be
Nobody like you, baby
Nobody ever loved me right, year
Nobody babe
Nobody like you, baby

Ain't never gonna be
Nobody like you, hey girl
You are my everything babe
You are my everything girl, yeah

Everything I want
Everything I need, hey girl
