

Dancing

Ken Hensley

You are my life, you are my love
You're the heart that beats within me
You're the one I'll never leave
You're what makes my life worth living

And if the worst should come
And we must move to a different drum
We'll take it anyway
'Cause no matter what they say

We'll be dancing with the wind
Dancing with the rain
Dancin' to the beat of my heart
Dancin' to the melody
Ringin' in my head
Nothing's gonna keep us apart

You are the sun, you are the moon
You are my imagination
We're gonna win, we just can't lose
Not with all this inspiration

They can try and take our stuff
But they can't touch this special love
We're together come what may
And no matter what they say

We'll be dancing with the wind
Dancing with the rain
Dancin' to the beat of my heart
Dancin' to the melody
Ringin' in my head
Nothing's gonna keep us apart
