## **From Time To Time**

## **Ken Hensley**

Once I loved a pretty woman
'Till one day she up and ran
Supposed I should have
Felt it coming
But it's hard to think of her
With another man

Oh my lady, I need you Though from time to time I don't seem to

Once the sun shone in my garden
'Till my love took off
And left me with the rain
Now my heart and I are starting
To forget it all and start out again

My heart is hurting so bad And all the trees look so sad And all the love We could have had

Oh, from time to time
