

## Because of Your Love

Kenny Chesney

Baby, I don't understand  
Now, just the touch of your hand can make me feel invincible  
Do you know just where you take me?  
Do you know how high you make me?  
I need your kiss like oxygen

With your arms warm around me  
When your eyes look deep into me  
It's unstoppable, baby, anything is possible

Everything I wanna be, any dream I wanna dream  
I can, because of your love  
Anywhere I ever go with all of my heart I know  
I am the man I am because of your love

Don't know how I lived before you  
Now I live to explore you  
Take me girl to your secret world  
Where I could swim in your deep blue passion  
Or I could feel your love come crashing over me, endlessly

Whether your right by my side or  
Whether you and I are a million miles apart  
I can always feel you in my heart

Everything I wanna be, any dream I wanna dream  
I can, because of your love  
Anywhere I ever go with all of my heart I know  
I am the man I am because of your love

Everything I wanna be, any dream I wanna dream  
I can, because of your love  
Anywhere I ever go with all of my heart I know  
I am the man I am because of your love  
Ooh, baby, because of your love
