

Something

Kenny Lattimore

Please, let me sit down beside you
I've got something to tell you, you should know
I just couldn't wait for not another day
I love you, for more than words can ever say
Honey living without you is so painful
I was tempted to call it a day
You've got me in your hand, why can't you understand
I love you baby, for more than words can say

I just can't sleep, when I lay down in my bed
The thoughts of you babe, just linger in my head
Living without you is so painful.
I was tempted to call it a day
You've got me in your hand, why can't you understand
I love you honey, for more than words can say
