

# Boogie Man

Kenny Wayne Shepherd

I got a funky reputation  
'Cause I like to get low down  
And all of you mothers better lock up your daughters  
'Cause the boogie man's in town  
They call me the boogie man  
Nobody can do it like I can  
They call me the boogie man  
I'm a king sized boogie man

The sheriff has got my number  
He locked me up last fall  
'Cause I taught his daughter how to do the boogie  
And I can't go back at all  
They call me the boogie man  
Nobody can do it like I can  
They call me the boogie man  
I'm a king sized boogie man

I used to play in a traveling band  
Down on the county line  
I went down there to do some boogie  
And I wound up doing time  
They call me the boogie man  
Nobody can do it like I can  
They call me the boogie man  
I'm a king sized boogie man

I tell all you good time women  
And you debutants on the ball  
Just a little taste of my good boogie  
And I'll make you climb the walls  
They call me the boogie man  
Nobody can do it like I can  
They call me the boogie man  
I'm a king sized boogie man
