

Cut You Loose

Kenny Wayne Shepherd

Well I work, work, work little baby
What've I got to show
The only thing you give me Lord
Is a hard way to go
But I'm throwin' up both of my hands
I wanna holler "what's the use"
Well I oughta but I ain't
Oh Lord, cut you loose

I'm full, full, full of you baby
Right up to my neck
The only time you're nice to me
Is when I cash my check
Lord, I'm throwin' up both of my hands
I wanna holler "what's the use"
Well I oughta but I ain't
Oh Lord, cut you loose

I'm a fool, fool, fool for you baby
Right up to my neck
The only time you're nice to me baby
Is when I cash my check
I'm throwin' up both of my hands
I wanna holler "what's the use"
Well I oughta but I ain't
Oh Lord, cut you loose

Before I quit you baby
I wouldn't take this curse
And I could find me another little girl
She could be bad or worse
But I'm throwin' up both of my hands
I wanna holler "what's the use"
Well I oughta but I ain't
Oh Lord, cut you loose
