

Down for Love

Kenny Wayne Shepherd

Well I ain't no politician
I ain't no preacher man
But baby I'm on a mission
I just wanna be your man

Can you feel it
I'm down down down
If you need it
I'm down down down
You best believe it
I'm down down down
Yeah that's what's up
Baby I'm down for love

Well you're talking about conversation
You're searching for something real
Somebody with a dedication
And a steady hand on the wheel

Can you feel it
I'm down down down
If you need it
I'm down down down
You best believe it
I'm down down down
Yeah that's what's up
Baby I'm down for love

Well a woman needs a little attention
Ain't talkin' about no schoolyard crush
Well baby did I fail to mention
I'm the man with the magic touch

Can you feel it
I'm down down down
If you need it
I'm down down down
You best believe it
I'm down down down
Yeah that's what's up
Baby I'm down for love

Baby I'm down for love

Baby I'm down for love, yeah

Down for love

Baby I'm down for love, yeah

Baby

Baby
