

# Island

## Kensington

I don't want to blame  
I just want to leave this horrid place the way I came  
But here we are again

I don't want to wait  
For another wave to come and rule another day

I don't want to stay  
I just want to wash away this vile and awful taste  
But here we are again

Got nothing more to say  
Only want to leave it and not seek for it again

And I'll be an island  
And the shore where I stand  
Can't be reached by more than waves  
I told my sharks  
That I need an island  
For I know the violence  
And I'll make the same mistakes  
Again

I don't want a flame  
I don't want to risk a fire that leaves a toxic waste  
But here we are again

And I don't want to play  
Only want to breathe again  
Be free and let it end

And I'll be an island  
And the shore that I stand  
Can't be reached by more than waves  
I told my sharks  
That I need an island  
If it turns to violence  
Then I swear I'll drift away  
I cross my heart

All will in time mend  
When the moment is right will the feeling die?  
Who am I inside then?  
When I know when I fight all I want is hide and

All will in time mend  
When the moment is right will the feeling die?  
Who am I inside then?  
When I know when I fight all I want is hide and

All will in time mend  
When the moment is right will the feeling die?  
Who am I inside then?  
When I know when I fight all I want is hide and

All will in time mend  
When the moment is right will the feeling die?

Who am I inside then?  
When I know when I fight all I want is hide and

And I'll be an island  
And the shore that I stand  
Can't be reached by more than waves  
I told my sharks  
That I need an island  
If it turns to violence  
Then I swear I'll drift away

I cross my heart  
I know my heart  
I know my heart  
I know my heart  
I sold my heart

I don't want to blame  
I just want to leave this horrid place the way I came  
But here we are again
