

# In Your Heart

Kerser

I can feel you in my heart  
You in my heart, heart...  
(You can feel it in your heart, oh)  
I can feel you in my heart  
You in my heart, heart...  
(You can feel it in your heart, oh)

I got the new car reekin' like weed smoke  
Pad of prescriptions that are written out for lean, bro  
Total package, got it all, we the cup winners  
Fuck with us, haven't been the same since the drugs hit us  
I used to graff', I wasn't tidy at all  
So instead I get a can and fuckin' write over yours, yeah  
Another day, rollin' up right before a flight  
Fans takin' pics, I see 'em, I look sorta high  
I thought I might hit 'em with that old Kers shit  
That C-Town mixtape, diverse shit  
Smashed as, got jelly in my lean cup  
Talkin' to your bitch like "Huh? What you mean, us?"  
King Kers, smooth cunt with a rough side  
Cunts try go against us and you must die  
Still sell big like "See, they know me"  
In Australia I'm G.O.A.T

I can feel you in my heart  
You in my heart, heart...  
(You can feel it in your heart, oh)  
I can feel you in my heart  
You in my heart, heart...  
(You can feel it in your heart, oh)

I had the elevator reekin' like pot smoke  
What, bro? I ain't gettin' off 'till the top, yo  
Smooth rapper, I am really the hot-spot  
Could have your dream girl, let me hit her with the box shots  
Scot's not here to drop shots at you soft cocks  
I'm here to chop crops, what you mean about the top spot?  
There's no debate with this shit anymore  
Try blockin' out the Kers but I'll kick in the door  
Let me get to the facts, look, the bitches love me  
They get angry at the thought that my missus fucks me  
Kers One put the 'S' with the line through it  
Dollar sign, on the climb, that's how I do it  
If we talkin' the present  
I run with the crew but never walk with a peasant  
You feel it in your heart, though  
You ain't in love, you just love that I'm a star, yo

I can feel you in my heart  
You in my heart, heart...  
(You can feel it in your heart, oh)  
I can feel you in my heart  
You in my heart, heart...  
I can feel you in my heart  
You in my heart, heart...  
(You can feel it in your heart, oh)  
I can feel you in my heart

You in my heart, heart...
