

# Magic Trick

Kerser

Oi, I'll show you a magic trick, ready?  
Where the fuck did that go, cunt?

Nobody's touchin' my drink tonight  
If I haven't had a drink, better pinch me twice  
That shit ain't right and I take it serious  
Quarter past nine AM, I'm here for this  
Nice drink with a tablet too  
I'm forgettin' all the shit that I have to do  
Now I'm walkin' down the street with a hatchet too  
And an axe and a shiv in the backpack, ooh  
Smooth as but my eyes are bloodshot  
Can't it be 'cause I'm high as fuck, what?  
Drunk too, fuck you and your punk crew  
Talkin' on my bottle like "man, I fuckin' love you"  
Saw the gronk lad, I'm havin' some fun  
No money, walk in, then I grab it and run  
Other rappers go and make a song for the piss  
I'm in a bad mood, I see you, you're coppin' a shiv

Abracadabra, got a magic trick (yeah)  
Touch my drink and I'll slap you bitch (ha)  
Touch my drink and I'll stab you quick (come on)  
It's a bad habit and I have to admit

Jumped up, poured a mix  
Got a homeless fuck [?] shit  
I forgot a little bit but I snort a stick  
Beat a chat fuck with his own walkin' stick  
I could have a bitch drink like a Vodka Cruiser  
(Why?) 'Cause of the vodka loser  
This ain't a track for you to go party to  
It's a track for me to drink more [?] to  
Knock at me door, I bet it's me friends  
(Who's that? It's me) You got a Jim Beam ten?  
I'll lock the fuckin' door unless you do  
"Are you fuckin' serious?" Yes, it's true  
(Come here [?]) Nah, I can't hear you  
Gonna lock the door, come back with a beer dude  
Greedy cunt but what? I'm addicted  
One dirty habit that I'm never gonna get bitch

Abracadabra, got a magic trick (yeah)  
Touch my drink and I'll slap you bitch (ha)

People hate me when I get pissed  
That's okay 'cause they gonna get shived

I'm a nice guy, I'm a nice g-  
No I'm not, okay, that's a white lie  
I settle down because I'm losing control  
I gotta behave man, gotta do what I'm told  
Gotta be a good man, gotta move when I'm told  
But then I went and seen the fuckin' cue for the doll  
What the fuck this shit? Now I pull out a knife  
Grab the Centrelink bitch and I put it in twice  
Everybody's screamin' "Don't stab her, no!"  
So I grab that bitch and I stab her throat  
Walk back to the desk, normal as fuck  
Here's my form, two fortnights, yep, that's a month  
Leave the scene now cunt, I'm needin' a drink  
I guess we all know where I'll be in a week
