

Only Rap You Need

Kerser

This the shit they waiting for
Put earphones in it shakes your jaw
What the fuck you take me for
I'm only here to break the law
Kerser is the sickest yes it's said again he did it
Popping medicine you kiddin' got adrenaline I'm in it
I'm in the zone I give you shivers you know
I got ridiculous flows is there a limit well no
Cause I can switch it up at any second
Blame it on the xannies yep and act like I forgot
And come back like "are you ready yet?"
Fuck me dead he never stops with this it's arogance
I bought your cd and used the cover when I had a shit
I give a fuck about a rapper I enroll with
I got a batch I'm 'bout to feed 'em up another cold dish
You heard about me from the last four albums
They back alive well I'm comin' back to drown 'em
Your worst fear it's the kerser one
Ten years ago I would've grabbed your fucking purse and run fuck

Kers one I'm the only rap you need man
Heard the last who called me whack end up bleeding
ABK that's the crew of this rap shit
Enemies end up dead if attack this
Kers one I'm the only king you need brah
Heard my albums like bullets to your knees huh
ABK that's the crew of this rap shit
Enemies end up dead if they attack this

This the shit they hate me for
I'm gonna make em hate me cause I steal these rappers Cause they hear me and
they just rate me more
It ain't my fault that I keep topping these charts
But I'm a brag about it fucking kerser's popular brah
What the fuck the flow I'm spitting keeps on switching
And you listen cause my mission is your ears to grab and take a fucking shit
in
I know that's how it feels to haters see you later
I made it, I prayed it, then played it and slayed it
The greatest, shit that's a fucking long reach
But if we talking in Aus you know it's on me
The king of this, The fucking history maker
Hall of fame when I say the seeya later
Fuck the scene I always knew it was fake
I had a dream it came real then it blew em away
And hating on me only made me get big
You Should've kept your thoughts to yourself cause baby I'm rich

Kers one I'm the only rap you need man
Heard the last who called me whack end up bleeding
ABK that's the crew of this rap shit
Enemies end up dead if attack this
Kers one I'm the only king you need brah
Heard my albums like bullets to your knees huh
ABK that's the crew of this rap shit
Enemies end up dead if they attack this

I am still the same kers
From the start I made dirt
Chose to go and lay Is it made you hate worse
Never ever care though
You faker then a scare crow
Smoking in my chair bro
I should be the man yo
I am just the best lad
Creatively address that
Wanna hear your neck snap
Bullets and you get that
If you go and spread that
To the fucking feds that
Means you gonna get smashed
Not breathing in a wet bag

Kers one I'm the only rap you need man
Heard the last who called me whack end up bleeding
ABK that's the crew of this rap shit
Enemies end up dead if attack this
Kers one I'm the only king you need brah
Heard my albums like bullets to your knees huh
ABK that's the crew of this rap shit
Enemies end up dead if they attack this
