

# Cool On You

Keshia Chanté

It can be 100 degrees in the shade  
I won't complain about a thng i'm over it  
Got a fan blowin' on me man  
I'm so cool on you don't you understand

Like the wind in November  
That was cold what you did I ain't bitter  
I'm cool on you babe, I'm cool on you babe  
I'm cool on you babe, So cool on you babe  
All the games that you played  
Got my heart growin' cold like a cube in a tray  
I'm cool on you babe, I'm cool on you babe  
I'm cool on you babe, So cool on you babe

Dinner cookin' A good book to read  
And a place to rest my feet  
I sit and I wait for the breeze  
Blow through my window ledge  
To help me clear my head I'm sorry I  
Can't be that girl Who waits on the side  
For my man to come back right  
Got too much respect for myself  
I knew this all too well  
I can't let you waste my time

Like the wind in November  
That was cold what you did I ain't bitter  
I'm cool on you babe, I'm cool on you babe  
I'm cool on you babe, So cool on you babe  
All the games that you played  
Got my heart growin' cold like a cube in a tray  
I'm cool on you babe, I'm cool on you babe  
I'm cool on you babe, So cool on you babe

Call up that girl you met at the club  
'Cause I'm not your one night love  
I'm not gonna be number 3  
'Cause I would rather leave  
Heartbreak and pain ain't in my destiny  
You're like a cross between back taxes and  
Bad traffic, I'm through  
I can't be messin' with you  
Build me up just to bring me down  
I'm running out of reasons to stick around

Like the wind in November  
That was cold what you did I ain't bitter  
I'm cool on you babe, I'm cool on you babe  
I'm cool on you babe, So cool on you babe  
All the games that you played  
Got my heart growin' cold like a cube in a tray  
I'm cool on you babe, I'm cool on you babe  
I'm cool on you babe, So cool on you babe

When you realise that you had a good thing  
Don't even try I'm off doing my own thing  
'Cause I realise the way you are is how you'll be

Imma be alright, I don't need you comin' around  
Keepin' me leveled to the ground  
I don't make the rules, You snooze You loose  
Do what you choose I'm cool on you

Like the wind in November  
That was cold what you did I ain't bitter  
(In November that was cold what you did to me)  
I'm cool on you babe, I'm cool on you babe  
I'm cool on you babe, So cool on you babe  
(I'm not mad and you need to know I'm cool on you boy I'm letting you go)  
All the games that you played  
Got my heart growin' cold like a cube in a tray  
I'm cool on you babe, I'm cool on you babe  
I'm cool on you babe, So cool on you babe

Boy I'm C double O... L  
Can't you tell that I'm cool on you  
That I'm cool on you  
Boy I'm C double O... L  
Can't you tell that I'm cool on you  
That I'm cool on you  
That was cold what you did to me (Hey, Hey, Hey)

Ha, I'm Over You!
