

Dicken's Cider

Kevin Bloody Wilson

The Dicken's family planted that first row of apple trees,
In the Dicken's family orchard back in 1953,
They waited 'til that first crop, was juicy red and ripe,
Then picked and pressed and bottled that very first batch of Dicken's

Cider,

It was the sweetest and the juiciest apple cider ever made,
And their slogan was 'Gotta have a Dicken's Cider everyday',
And I'd sing along with their radio jingle and although I'd never tried
it,
Couldn't wait 'til I was old enough to try my first Dicken's Cider.

Dicken's Cider, gotta have a Dicken's Cider,
Gotta have a Dicken's Cider everyday,
Mother nature's picked me up, feel good tonic fix, it up,
Gotta have a Dicken's Cider everyday,
Gotta have a Dicken's Cider everyday.

I had my first Dicken's Cider, when I was seventeen,
And me girlfriend at the time never had a Dicken's Cider either,
We fumbled when we got the top off, and when we finally did,
It spurred all over her hair and face on her dress and down me leg,
From then on in, we had a Dicken's Cider on every single date,
And a quickie Dicken's Cider, when I dropped her at her gate,
But she blabbed and told her mother, and the next thing that I knew,
Found out that her mother loved a Dicken's Cide too.

Dicken's Cider, gotta have a Dicken's Cider,
Gotta have a Dicken's Cider everyday,
Mother nature's picked me up, feel good tonic, fix it up,
Gotta have a Dicken's Cider everyday,
Gotta have a Dicken's Cider everyday.

Dicken's Cider before breakfast, is a great start to the day,
Dicken's Cider right on bedtime mate and you'll sleep like a baby,
69% proof stress relief, for women and for men,
Even my ol' nana enjoys a Dicken's Cider now and then,
It's medicinal and it's healthy, and it's guaranteed to work,
So before you see a doctor, try a Dicken's Cider first,
Puts a positive bounce back in your step and your eyes'll sparkle
brighter,
And remember any time's a good time, for a good ol' Dicken's Cider.

Dicken's Cider, gotta have a Dicken's Cider,
Gotta have a Dicken's Cider everyday,
Mother nature's picked me up, feel good tonic, fix it up,
Gotta have a Dicken's Cider everyday,
Gotta have a Dicken's Cider everyday.

Gotta have a Dicken's Cider everyday.
