

# League Of My Own

Kevin Federline

I gotta little bit a jack and a whole lot of herb  
a pretty little chick with a whole lot of nerve  
I'm far from the curb, no I'm not a nerd, but I  
know how to calculate them birds  
A billionaire boy I'm a make shit worse, because I  
drink money can't quench my thirst  
A league of my own, you regular I'm rugby  
don't judge a book by its cover, I'm Mugsy  
budge me I think not, I'm to pudgery  
when the mc cocks the hammer you can't touch me  
and I keep the marijuana right where the slugs be  
right where my nuts me, I'm the man trust me  
I'm fucking lady luck your unlucky  
still the media treats me unjustly  
and what I got to say to the media is 'fuck thee'  
motherfucker sabotage wouldn't even fuck me?

Im not sayin I'm the best  
but I'm stayin for the rest  
I'm in a league of my own  
just give me the word and then its on

No struggles I'm livin life  
big cities filled with bright lights  
I'm in a league of my own  
just give me the word and then its on

Just give me the word, I get it poppin like new years  
give me a blunt squares and 2 beers  
Heiniken, and when I rhyme my friend  
I can shine just like a diamond can  
don't get me confused with a lion man  
keep it real I kill like a lion can  
savage of the jungle, all by myself  
and all them other artists Imma knock em' off the shelf  
didn't see me coming cos' I move like a stealth  
and Kev like cancer, I'm bad for your health,  
bad for your system, bad for your mind  
you looking at Hollywoods bad guy  
on some bad ass rims and a bad ass ride  
You had your turn, its the bad guys time  
Lookin like a model ho's say I'm fine  
50,000 on the watch I stay on time

I came to get down I came to get right  
You came to go home so have a good night (2x)

I aint sayin I'm the best kid  
but I'm better than the rest is  
test this, go home put a bullet hole where your vest is  
yes this is the definition of wreckless  
you can hate but you still gotta respect this  
let my nuts hang like a motherfuckin necklace  
get it fucked up send you nerds home specless  
speechless, full of hard knocks where they teach this  
Preech this, turn your body pale like I bleached it  
put it on your mind like, telekineses

you gotta be high in order to tweak this  
I'm on another level you chumps will never reach this
