

# Hard To Get

Kevin McCall

I can search far and wide looking for my baby  
In the sky, mountain high, I'm gonna find my baby, oh, oh!  
Cause I'm in it for the change, you can call me crazy  
But we'll be together, don't take forever!  
I don't wanna hear you saying, catch me if you can,  
I just wanna hear you saying, saying I'm your man!  
Are you coming like marco polo  
I'mma find you, no matter where you go!

Chorus:

She's trying to run from me,  
But I know I've got her,  
Cause shawty can't run from love!  
She's playing hide and seek,  
But I know I find her,  
Cause shawty can't run from love!  
Playing hard to get, playing hard to get!  
Playing hard to get, playing hard to get!  
Shawty can't run, shawty can't run from love!

I don't know what you've been told about me,  
But I suppose that you should know one thing:  
Anything I want I'll get it,  
I want you girl, so baby what you say,  
Do you still wanna play hard to get?  
I don't wanna hear you saying, catch me if you can,  
I just wanna hear you saying, saying I'm your man!  
Are you coming like marco polo  
I'mma find you, no matter where you go!

Chorus:

She's trying to run from me,  
But I know I've got her,  
Cause shawty can't run from love!  
She's playing hide and seek,  
But I know I find her,  
Cause shawty can't run from love!  
Playing hard to get, playing hard to get!  
Playing hard to get, playing hard to get!  
Shawty can't run, shawty can't run from love!  
From love, run from love!
