

# We Can Get Through This

Kevin Sharp

A simple disagreement over something so small  
That's how it always starts it ain't no one's fault  
We both had to be right that's when it all went wrong  
Making something out of nothing when we should have been holdin  
g on

But we can get through this, we can ride it out  
Love's what we're about, we've been deeper down  
This is shallow water baby  
We've been up that hill, it ain't no big deal  
Ain't no easy fix, but we can get through this

Get out of that rain, baby come inside  
We're gonna kiss and make up if it takes all night  
Let a little misunderstanding turn into a great big war  
Talk about quitting we're forgetting what it really is, that we  
're fighting for

We can get through this, we can ride it out  
Love's what we're about, we've been deeper down  
This is shallow water baby  
We've been up that hill, it ain't no big deal  
Ain't no easy fix, but we can get through this

A little more forgiveness, tenderness alright

We can get through this  
This is shallow water baby  
We've been up that hill, it ain't no big deal  
Ain't no easy fix, but we can get through this

We can ride it out, love's what we're about  
We've been deeper down, this is shallow water baby  
We've been up that hill, it ain't no big deal  
Ain't no easy fix, we can get through this

We can ride it out, love's what we're about  
We've been deeper down, we can get through this  
We've been up that hill, it ain't no big deal  
Ain't no easy fix, but we can get through this
