

# Best Friend

Keyshia Cole

I need somebody who protect my feelings and my heart  
Someone who never let no one come in between what we got  
There'll never be another woman to do what I do (for you)  
And it's like that cause you know that it would hurt me bad if I found out y  
ou were untrue

(It wouldn't be worth it for you)  
To see me hurt or to see me down  
(You would do what you had to do)  
To see me smile again  
I believed every word that you told me  
There'll be no talk cause you would show me  
It'll be a feeling I couldn't describe  
You know why?

Cause I would be you best friend  
Be there late at night when you walking in be there in morning when  
(Be there when you) open your eyes  
I'll be by your side  
I would be your best friend  
Be there late at night when you walking in be there in the morning when  
Open your eyes  
I'll be by your side  
Yeah yeah yeah yeah

I'll wanna be the one when you're down I pick you up  
There'll never be no one who could ever doubt my love  
And they'll never be another man cause you know all I need (is you)  
And it's like that cause you know that Imma hold you down no matter what

It wouldn't be worth me losing you  
I would do what I had to do  
To see you smile again

Cause I would be you best friend  
Be there late at night when you walking in be there in morning when  
(Be there when you) open your eyes  
I'll be by your side  
I would be your best friend  
Be there late at night when you walking in be there in the morning when  
Open your eyes  
I'll be by your side  
Yeah yeah

And no matter what I won't be the reason you hurt, no no  
And no matter what can you be the reason to love again  
(I wanna try this once again)  
Baby can we try  
I don't need nobody else (no...)

(Best friend)  
Be there late at night when you walking in be there in morning when  
(Be there when you) open your eyes  
I'll be by your side  
I would be your best friend  
Be there late at night when you walking in be there in the morning when  
Open your eyes

I'll be by your side  
Yeah yeah yeah yeah

(I'll be by your side baby  
I'll be by your side baby  
I'll be right beside you  
I'll be there beside you  
I don't need...  
Um, nobody else baby...)
