

Emotional

Keyshia Cole

Love can stay, stays the same
How can we expect the best out of life if we don't ever change?
It doesn't matter now
What we had is all gone now
Why would I still be right here?
The only one standing right by your side

I kept my promise even when you lied
Took you in, I'd never leave you outside
Now the tables have turned, and I'm hoping you learned
What losing my love feels like

I won't get emotional
I used to lose control
No more cussing and screaming
Not scared of you leaving
I'm good even if you don't give a damn anymore
It's not about you and me anymore, baby
I tried things your way, blew up in my face
You want a reaction, but I won't get emotional

It's funny how life works out
One day you're on top, and the next day you're not
Everybody thought they knew the facts
Gave him love but he ain't give it back
Now you're wondering how we got here, yeah
See, I could be petty and react
But that's just not how I get down (get down)
And it's crazy how I'm still holding your hand
When you ain't even my man

I kept my promise even when you lied
Took you in, I'd never leave you outside
Now the tables have turned, and I'm hoping you learned
What losing my love feels like

I won't get emotional
I used to lose control
No more cussing and screaming
Not scared of you leaving
I'm good even if you don't give a damn anymore
It's not about you and me anymore, baby
I tried it your way, blew up in my face
You want a reaction, but I won't get emotional

I've been here before
But this time I won't, won't, won't...

I won't get emotional
I used to lose control
No more cussing and screaming
Not scared of you leaving
I'm good even if you don't give a damn anymore
It's not about you and me anymore, baby
I tried it your way, blew up in my face
You want a reaction, but I won't get emotional
