

## Don't Forget

Keziah Jones

Don't forget the hatred  
when they say we love you  
don't forget that youre a fighter  
when they say we need you  
is it true?.....over

Theyve seen your face  
its on the t.v...don't look so bold  
they know you  
theyve heard your name on the radio  
we told you,is it true?....over
