

You Deserve It

Khia

I'll tell you what is happening (with your love)
I want your love and Imma get it
See there is no denying it (it's for sure)
Cause you deserve it, all of it

Only thing I wanna do
Is just make sweet love to you
Cause your body keeps me hot
Give you everything I got
You're exactly what I want
And i'm everything you need
Only thing I think about
Is the nights them lights go out (oh, yeah)

Cause you're worth it (cause you're worth it)
And you deserve it (and you deserve it)
I'm glad that I can be, the lover that you need
Give you everything you want, cause your love
This is where it should be
My love is real, I know you feel it (cause I know)
This I can bet
I'm glad to be the queen, to give you what you need
Fulfilling all you're fantasies, I hear you're body calling me
(Khia)

My love wills you to come to me (hurry up)
Don't make me wait
You're everything I want, you're so perfect for me
(That's for sure), for you I was made

Meant to be you've got my mind
Spiritually my souls on fire
And my body works your heart
Cause you're worth it
Gonna give my best to you
And my love will remain true
Boy my all ill give to you
Cause you deserve it
