Khia

(feat. Markus Vance)

[verse]

The mistakes that I made in my life me strong
Made me right never wrong keeps me writing my songs
Cause I know you my girl cause of you here comes me
Out your wound duplicate just like you makes me sick
Just in time you my girl you my angel my world
Shining down at my life got my back don't think twice
When in need of your help if i'm wrong got your belt
But only you Uesirah had respect for your job
And your heart and your soul and your house and your goal
To your friends and your kins even sick didn't quit
What's the thanks that you get for the time that you spent
Raising kids paying bills talking shit paying rent
But i'm gon shine for you girl make you smile at me girl
Smile so bright like the sun for your girls and your son
You my moms I love you I thank you for having me
Even gone you live on live through me make em see

[Chorus Vanc]

You're my girl
When no one was there for me
You're my girl
When nobody cared for me
You're my girl
And no one can take that away from me
You're my girl
And even though you're gone
You're my girl
Through me you still live on
You're my girl
You taught me how to be strong
You're my girl

[verse]

Calling up on the phone just to talk hear my voice

Had it all thanks to you extra strong thanks to you
Take it all thanks to you standing tall thanks to you

Now these words are for you let you know I love you
With all my heart and my soul through these words
Let you know lets them know you my girl
