

## Down

## Kickback

When I think about those days  
I sometimes wish to bring them back  
But living in the past ain't no way to live

I stand alone with no love to give  
See me rise and see me fall  
Scarred inside I'll never forget  
Rely on hate to heal the pain  
Cos' nothing will never be the same

It took me down  
It broke my will  
I remember what you did to me  
As I stand and watch and watch my past slipping away

It gets so hard to contain  
All the anger I've kept inside  
Cos' now I know it's too late  
For me to comprehend and to forgive

It took me down  
As I stared at all my hopes and dreams  
tumbling down  
It broke my will  
What you f\*\*king did to me  
It broke my will  
I remember what you did to me  
As I stand and watch my past slipping away
