

What I Want From You

Kickback

You're watching me but what you see may not be there
You're being mislead I think by my eyes and my hair
They say little girls are all sugar and spice
But believe me when I tell ya babe that I ain't all that nice
But that don't mean that we can't have some fun
but nothing this good comes for free
and I want you to know that what I want from you is what you can do for me
Ask me no questions baby and I'll tell you no lies
That's the most you can expect from me
What you see isn't what you get
and you might not always like what you see
This may sound selfish and it may sound cruel
But I'm honest with you from the start
I don't mind taking everything you got but I wouldn't want to break your heart
I like lots of money and I need lots of attention
I like to take the ball and run
if you want to spend some money and don't mind me being pretentious
I might let ya have a little fun
BREAK
Well I been around and I know what I like and you fit the bill to a tee
But I want you to know is what I want from you is what you can do for me
What I want from you is what I want from you is what you can do for me
