

Angered Kids

Kid Cudi

Hello doctor, doctor, doctor
There's something wrong inside of me
There's something I don't know doctor help me
Well there's something I can do

No remorse, no remorse
Got a couple [?] dying to fight
And some hand grenades
No remorse, no remorse
You never should've angered the kids
Your darkness is coming
Your darkness is coming
Ya let's get into this
No remorse, no remorse
Sounds like you wouldn't believe
The darkness is coming
The darkness is coming
Oh you fools start running
Dead man walking

Right foot left foot
Left foot right foot

The darkness is coming
And guess what is running
Fools start running
Dead man walking
