

32 Frames Per Second

Kid Dynamite

I know it's gonna hurt this time,
But it's calling me like someone else's wish.
I can't resist to touch it.
Yeah, you know I gotta feel it again.
Feel it again!

Memories come flooding back.
They're killing me.
I see 32 frames.
I know that I miss those days because
I swallowed four years in one gulp.
