

## Walk in the Club

Kid Ink

I might walk in the club  
Leave with the whole party  
See the light in my eyes  
We just getting it started  
Had alot on my mind  
But, it's time to let it go  
Right now, right now, right now  
I'm somebody  
I might walk in the club  
Leave with the whole party  
See the light in my eyes  
We just getting it started  
Had alot on my mind  
But, it's time to let it go  
Right now, right now, right now  
I'm somebody

I might walk in a room  
Take all the attention  
Young bad motherfucker  
Graduated from detention  
Told you we would've make it far  
I'm a 'bout to push it to the limit  
Throw my sign in the air  
Like it's a picket in this bid  
I might come through  
Shining like the sun roof  
Down for whatever whenever  
As if this drink or this medical  
Got me spilling invisible  
When the city a million  
I swear these haters can't see me  
I know for sure they gon' feel it  
We going bottle through bottle  
Sipping like it's Dasani  
Whole table of models  
Came straight from pilates  
They say the life that we live  
Ain't made for everybody  
In a world to see you  
With my girlfriend in a mali

I might walk in the club  
Leave with the whole party  
See the light in my eyes  
We just getting it started  
Had alot on my mind  
But, it's time to let it go  
Right now, right now, right now  
I'm somebody  
I might walk in the club  
Leave with the whole party  
See the light in my eyes  
We just getting it started  
Had alot on my mind  
But, it's time to let it go  
Right now, right now, right now

I'm somebody

I'm a step in, 20 on the guestlist  
No question, they know me up it up  
On a regular confessions of a rock star  
Headin' to the bar,  
Taking shots like an outlaw  
Won't feel it till tomorrow  
Damn, I might roll out,  
Meet me in a valley  
Let's take it back to the house  
Party like we kid and play  
The night has just begun  
Moon's up, howl back  
We been going hard,  
Show you who ain't really about that  
Like pouring shot for shots  
All in your camera posing  
We making the scene  
And I might be rolling  
Two red cups and I just can't get enough  
You better make sure your chick's tough  
'Cause we about to turn it up

I might walk in the club  
Leave with the whole party  
See the light in my eyes  
We just getting it started  
Had alot on my mind  
But, it's time to let it go  
Right now, right now, right now  
I'm somebody  
I might walk in the club  
Leave with the whole party  
See the light in my eyes  
We just getting it started  
Had alot on my mind  
But, it's time to let it go  
Right now, right now, right now  
I'm somebody

I might walk in the club  
Said I might walk in walk in  
Said I might walk in, turn it up  
Everybody in here gonna turn to us  
So we about to get it poppin'  
Keep it going ain't no stopping

I might walk in the club  
Leave with the whole party  
See the light in my eyes  
We just getting it started  
Had alot on my mind  
But, it's time to let it go  
Right now, right now, right now  
I'm somebody
